

EUCADRY

HYGIENE POWDER

25 KG

- Extreme moisture absorbing properties: >200%
- Reduces infection pressure significantly
- Positive effect on animal respiratory health

Indications:

EUCADRY is a high quality dry powder with exceptional moisture absorbing properties (>200%!). It creates a dry environment in which pathogens do not grow or multiply. This ready to use product is suitable for use in animal nests and bedding. EUCADRY reduces the infection pressure significantly and contributes to the animal health and comfort.

The eucalyptus extracts have a positive effect on the respiratory tract condition of the animal. The product does not damage or irritate the skin and is safe to use on new-born animals. EUCADRY is suitable for all kinds of livestock.
