

# Mycocare

25KG BAG

## **Properties:**

Mycocare is a wide-ranging toxin binder which contains aflatoxin absorbing aluminosilicates and yeast cell wall compounds. Aflatoxins (B1), Ochratoxins (OTA), Fusario toxins (DON, T-2, HT-2), Zea and fumonisins. Clay mineral carriers clinoptilolite and sepiolite will not only bind various toxins but will also stimulate immunity by improving antibody titers after a viral challenge.

## **Dosage:**

Standard: 1.0 kg/mT of compound feed ( or 25g / day / ruminant). Severe mycotoxicosis: 2.5 kg/mT of compound feed (or 50g / day / ruminant).

## **Active ingredients:**

Clay mineral carriers: Clinoptilolite (E567) and Sepiolite (E562). Concentrated eubiotic source of yeast cell walls from *S. cerevisiae*: containing glucans and modified mannan-oligosaccharides (MOS). Salt of short-chain organic acid: Calcium propionate (E282) as mould inhibitor (anti-deterioration).

## **Storage conditions:**

Store in a cool, dry and dark place. Mycocare is a stable product when stored under above conditions for a period of 24 months from manufacture date. Any variation in color is not correlated with.
